

# IH91

## INFRARED HEATER

Diesel Fired • No Smoke • No Odor

Clean • Quiet • Radiant Heat

**Dantherm**<sup>®</sup>  
CLIMATE SOLUTIONS

Similar to the sun, short-wave infrared radiation heats the objects without heating the air. Once objects (or walls) are penetrated with heat, they can also reradiate and heat other objects. Infrared radiation heats through fog or wind. Infrared radiation runs straight, on the contrary hot air flows upwards.

Infrared Heaters are an excellent solution for heating objects or people indoors or outdoors. The IH91 is over 98% efficient providing clean, quiet radiant heat without smoke or odor.

Some applications / users would be

- ✓ Drywall Contractors
- ✓ Plumbers
- ✓ Mechanics
- ✓ Carpenters
- ✓ Bricklayers
- ✓ Concrete Contractors
- ✓ Farmers – Ranchers
- ✓ Emergency heat
- ✓ Any where heat is needed!!

**Instant Infrared Heat**

Where you need it When you need it

# IH91 Diesel Fired Infrared Heaters

Clean - Quiet - Radiant Heat No Smoke - No Odor

## IH91 OUTPUT

Power	100,000 - 150,000 btu
Tank capacity:	14 gallons
Fuel consumption:	0.72 / 1.07gph
Thermostat control:	Optional
Rated current:	1.2 A
Power supply:	120/60 V/Hz
Net weight:	150 lb
Shipping weight:	180 lb
Packaging dimension (l x w x h):	40.5 x 29.5 x 46.5 inches

## OPTIONS

Mechanical Thermostat

Digital Thermostat

## Indirect Fired Models Available

With outputs ranging from 75,000 to 500,000 btu.
